Notice of School Election.

Whereas, the City of Lexington is a city having a population exceeding two thousand inhabitants and not exceeding one hundred thousand inhabitants and, whereas, the coming election for municipal officers of said city is by law required to be held at the same time as the annual school election in the school district of Lexington.

Notice is hereby given that the annual meeting in the School District of Lexington, known as Lexington School District No. 12, in Township 51 of Range 27 in Lafayette County, Missouri, the voting places will be the same places as those selected in said city or voting at the election for municipal officers that is the First Ward at the lower room in the building owned by the Lexington Eagle Club, in Block 51, of First Addition to the City of Lexington, in Lafayette County, Missouri, South of Broadway Street at the Broadway Street entrance and between Main Street and Highland Avenue. In the Second Ward in the Police Court Room in the City Hall of said City of Lexington, at the corner of Tenth Street and Franklin Avenue. In the Third Ward at the Drug Store of Wm. Loomis between Eighteenth Street and Nineteenth Street on Franklin Avenue and situate in Block 11, in First Addition to the city of Lexington, and in the Fourth Ward at the Old Town Engine House on Twenty-Third Street between South Street and Washington Street in the Original Town of Lexington, and the voters in said School District voting upon the propositions submitted at the annual election residing in each of said Wards will vote at said voting places respectively.

The voters in that portion of territory of the said school district not included in the limits of said city, will vote at such voting place or precinct as they would be attached to provided the ward lines of said city were extended and produced through such adjoining territory.

Said annual school meeting and electing will be held on

Tuesday, the 1st Day of April, 1913,

and there will be submitted to the qualified voters of said school district at said election and meeting the election of two school directors for said school district to hold office for three years and until their successors are duly elected and qualified.

In addition to the above, the Board of Directors of said School District has ordered an election to be held at the same time and places to determine the proposition of an increase in the rate of taxation necessary to be levied for school purposes from forty cents on one hundred dollars valuation to \$1.10 on the one hundred dollars valuation, which proposition will be submitted to the qualified voters of said school district who are taxpayers voting on said school election.

The judges and clerks of such municipal election will act as judges and clerks of said school election but the ballots of said school election will be upon separate pieces of paper and will be deposited in a separate ballot box kept for that purpose.

By order of the Board of Directors of said School District of Lexington, duly made and entered of record on the 5th day of March, 1913.

ALBERT F. WINKLER,
Secretary and as such Clerk of said School District.

PROCLAMATION OF CITY ELECTION.

Whereas, the City of Lexington, Missouri, a city of the Third Class, the Charter of Cities of this class calls for an election of certain City Officers on the first Tuesday in April of each year.

Now, therefore, I, A. E. Taubman, Mayor of the City of Lexington, hereby proclaim and give notice of an election to be held in and for said City of Lexington, Lafayette County, Missouri, on

TUESDAY, THE FIRST DAY OF APRIL, 1913,

for the purpose of electing a councilman for each ward.

The polling places have been selected and specified by the City Council as follows:

First Ward—In the lower hall-way of Eagle Club building on the west side of Broadway.

Second Ward—In the Police Court room in the new City Hall.

Third Ward—At the drug store of William Loomis on Franklin Avenue on part Block (11), First Addition to Lexington.

Fourth Ward—At the Engine House in Old Town, in said city, on Twenty-Third street between South Street and Washington Street.

Said election to be held in accordance with the laws of the State of Missouri, applicable to Cities of the Third Class.

In testimony whereof, I, A. E. Taubman, Mayor of the City of Lexington, have hereunto subscribed my name and caused the seal of the City of Lexington to be hereto affixed this 17th day of March, 1913.

A. E. TAUBMAN,
(SEAL) Mayor.

MISS PEARL MERWIN, Supervisor American College of Dressmaking. Miss Merwin is generally recognized as one of America's foremost authorities on everything pertaining to Dress, both for the professional dressmaker and the home dressmaker. She is contributing editor to some of America's leading women's fashion magazines.

An Appeal to the Men Folks
An appeal for a fair deal—for the square deal in the home. You men folks hear and say a great deal about "the Square Deal" these days. "What say you practice it a bit at home?" Don't you think it high time "She" had "Her" work lightened a little? "She" may be too busy in the kitchen to even get to see this announcement. You be sure and call her attention to it right now. She'll thank you for doing it.
Carl Merwin.

Uncle Sam Says:
"A Woman Can Earn \$5000 a Year in Dressmaking"

The following is quoted verbatim from the United States Government and Twelfth Annual Report on Industrial Education, Page 446 1910 Edition.
"The demand for girls in dress-making establishments is very great, and those who have had training can always secure positions. There is, too, every opportunity for advancement, as a girl who has ability can look forward to mastering the trade step by step until she is manager of her own establishment earning anywhere from \$1,000 to \$5,000 or more a year."
And I agree with him, for I have seen it demonstrated. Of course it does not follow that every woman can do so well. The fact remains that for the trained woman. Will you be one of them?
The American College of Dressmaking has demonstrated the fact that women who want to turn their spare moments into ready cash are finding new training opens up the greatest opportunity ever offered them.

\$25 to \$50 A Week for Women
Many Receive Much More
One woman, the best dressmaker in Chicago, leading dry goods store, receives \$10,000 a year. The Fashion Editor of the "Delicacy" says she has never seen a salary as high as \$5,000 a year, salaries of \$25 to \$50 a week are common in the city. Graduate dressmakers are sought after now in many good towns and cities. Never before has there been such a demand for competent dressmakers. We have right now more calls for "dresses" than we can supply. We teach you by mail and send you to command a good income. Or you can start in business for yourself. Because a Graduate Dressmaker. The regular diploma of this College is sent to all who complete this course of lessons.

Opened Her Own Shop
I opened a shop here and got a lady to help me sewing. I have right now more money than I can use. I can save half of it. I take pride in making a perfect dress. I have made \$25.00 in 10 days, above paying the help I had. I had 14 dresses made \$25.00 to \$40.00 on my own sewing.

At Last! At Last!!

A Labor-Saver, Time-Saver and Money-Saver for the HOUSEWIFE on the Farm

And not only for the farm housewife, but for every woman, young or old, on the farm, or in the village, town or city, who wants to get the best results from the money she spends for clothes. I claim for every woman the right of suffrage—if she wants it—but I claim for every woman with far greater emphasis the right of rest and recreation, and freedom from the tiresome toil that has been her lot since the beginning of time. So, while we are clamoring so earnestly for political freedom, for the emancipation of the sex, let us raise our voice a little louder—let us cast one telling ballot where we cannot be denied a vote—for a greater degree of economic efficiency in the home! "Man Works From Sun to Sun, Woman's Work Is Never Done," is an adage as old as the race. Man's work has grown easier and lighter and more systematic and mechanical every year. The men folk have their implements to help them in their work—the windmills, gasoline engines, harvesting machines, cream separators, incubators, auto trucks—and dozens of other implements and appliances that lighten labor, save time, and improve results. I claim that it is high time the inventive minds of America's brightest men and women were devoted to developing ideas and inventions to do for the women folks and their work all that all these modern methods are doing today for the MEN!

It is my very great privilege and pleasure to bring to the women readers of this great farm magazine an opportunity by which they may see and use the greatest labor-saver, time-saver, and money-saver ever devised for use in the making of women's clothes—and the woman who has been making her own clothes by the old-time, nerve-racking methods with results never satisfactory and never worthy of the effort and patience used in the making, will welcome the glad day that will dawn for her as a result of the remarkable offer I am going to make.

I'LL GIVE THIS \$6 "COMPLETE" DRESS FORM FREE to Every Reader of "Intelligencer" Who Accepts My Offer at Once

Yes, I mean just what I say. I am going to make an offer that will enable every woman reader of this paper to secure the most satisfactory dress form ever invented absolutely free of charge. The illustrations of the dress form shown here will give you a but a very crude idea as to its great beauty and utility. With the aid of the full length "Complete" Dress Form as illustrated here you are not only enabled to fit waists to yourself perfectly, but you really can have a duplicate of your own form so that you can fit and drape the entire dress, coat, skirt, or other garments and see for yourself just exactly how it sets, fits, and hangs on all sides—something that is impossible for you to do with the aid of a mirror. You become your own fitter with the aid of the "Complete".

The time, work and worry which it will save you in the making of one dress will surely convince you that the "Complete" would be big value at \$10, if you couldn't get it for less. But I don't ask you to pay even so much as 10 cents for it—I am going to offer you one of these "Complete" Dress Forms absolutely free.

Dress Better—Save Half—And Still Wear Tailor Made Clothes

You really can do just that—you can dress better and save more than half by making your own clothes instead of paying high prices to dressmakers. I have proved the truth of this statement in more than 37,000 women who now wear their own clothes at home by my great "American System", with the aid of this wonderful new dress form which I am giving away to all who accept my offer. Through my plan of interesting home study any woman may easily and quickly master the "American System", which teaches how to design, draft, cut, fit, make, drape, and trim any garment, including children's clothes—and it is a cost much less than half what capable dressmakers and ladies' tailors charge.

There is no reason why you should not be saving from \$50 to several hundred dollars a year on the amount you now spend for clothes—and for the same amount you should be able to dress better, and have two dresses for every one that you can get from the dressmaker at the same cost.
